About Us

Introduction

For over 25 years, ONFLO has been a trusted name in high-performance resin-bonded and CBN-bonded diamond tools. Throughout these years, we have built a solid reputation for delivering consistent quality within the cutting tool industry in India.

Renowned for our quality, precision, durability, and innovation, we proudly serve a diverse range of industries, including automotive, aerospace, and metalworking. Our commitment to quality and customer satisfaction has allowed us to establish long-lasting partnerships with more than 260 customers and 20 pan-India partners, achieving an impressive 95% customer retention rate.

Our specialized tools are engineered to provide unmatched performance in cutting, grinding, and finishing, ensuring your operations remain efficient and cost-effective. Trust ONFLO for cutting-edge solutions tailored to your success.

Mission & Vision

MISSION

Empowering Precision and Innovation

At the core of our commitment lies a mission to revolutionize precision tooling through advanced abrasive technology. We strive to empower industries with tools that not only deliver exceptional accuracy and performance but also redefine efficiency and durability.

VISION

To drive global Innovation, Productivity and Growth

Our vision is to be a trusted partner for professionals across the globe, providing cutting-edge solutions that inspire innovation, enhance productivity, and drive sustainable growth. By continuously pushing the boundaries of technology, we aim to set new standards in quality and reliability, ensuring our tools meet the evolving needs of modern industries.

Our Philosophy

Unrivalled quality, precision, and performance

We believe in crafting resin-bonded diamond tools that embody the perfect balance of cutting-edge technology and enduring quality. Our philosophy centers on pushing the limits of precision, performance, and sustainability, empowering industries to achieve exceptional results. With every tool we create, we are driven by a commitment to innovation and the integrity to deliver solutions that stand the test of time.

RESIN-BONDED DIAMOND TOOLS

Our resin-bonded diamond tools are designed for optimal performance in cutting, grinding, and polishing applications. These tools are widely used in industries where precision and durability are paramount.

CBN-BONDED DIAMOND TOOLS

Cubic Boron Nitride (CBN) is second only to diamond in hardness, making our CBN-bonded tools the perfect choice for high-precision grinding and machining of hardened steels, superalloys, and other hard materials.

CUSTOM TOOL SOLUTIONS

We understand that every application is unique, which is why we offer custom-designed diamond tools tailored to the specific needs of our customers.

TOOL MAINTENANCE & SUPPORT

To maximize the lifespan and performance of your tools, we also offer maintenance services and after-sales support, ensuring your diamond tools continue to deliver exceptional results.

Our legacy of Excellence

Our commitment to precision, quality, and innovation has allowed us to build long-lasting partnerships and deliver exceptional value to our clients. From skilled craftsmanship to pioneering techniques, every product reflects our dedication to enhancing performance and setting new industry standards.
